**IMPORTANT
PHYSICIAN PACKET**

THIS PACKET MUST BE RETURNED TO:

**NORTHEAST METRO TECH HEALTH
OFFICE
100 HEMLOCK ROAD
WAKEFIELD, MA 01880**

Dear Parent/Guardian:

Massachusetts law requires that all students have a school health examination. At Northeast Metropolitan Regional Vocational School, an up to date physical examination is required of all entering students. If your child has a physical scheduled after the first day of school, please notify the Nurses' Office of the scheduled date as soon as possible at (781) 246- 0810, ext. 1624 or 1620.

Also, a yearly physical exam is required for all students participating in athletic programs.

Massachusetts School Immunization Law, Chapter 76, Section 15 requires that all students enrolled in public and private school be fully immunized. Please be sure that all immunizations are up to date. A tetanus vaccination is effective for 10 years. **No student will be allowed to enter Northeast Metro Tech High School if we have not received a copy of the required immunizations.** Please have your physician fill out your child's physical examination and immunization record.

Also, the attached medication order form must be filled out by your physician **ONLY if your child will be taking medication in the school setting.**

Please include anything pertinent concerning the student's state of health, physical or mental growth and development, and/or nutrition. Include any recommendations for modification of the school program which you think might be required to meet his/her needs.

We would appreciate notification from you during the school year concerning any change in the health status of your child which may affect his/her performance in school.

Information which you submit will be regarded as confidential.

Properly filled out form may be mailed to:
Northeast Metro Tech High School
Health Office
100 Hemlock Road
Wakefield, MA 01880

NORTHEAST METROPOLITAN REGIONAL VOCATIONAL SCHOOL
MEDICATION POLICY

Dear Parent/Guardian:

We would like to inform you about the policies that have been put in place to ensure the health and safety of children needing medication during the school day. Our school district requires that the following forms be completed and kept in the student's health file before we can distribute any medication to the student during the school day. Medication must be brought to school by a parent/guardian or parent-designated adult (18 years of age). All prescription medication must be in a pharmacy-labeled container with the prescription label intact. No more than a thirty-day supply of the medication should be supplied to the school.

Prescription medications

THESE FORMS MUST BE RENEWED AT THE START OF EACH ACADEMIC YEAR

1. Signed Parent/Guardian Consent Form

Please complete the enclosed Consent Form giving permission to the school nurse to administer medication.

2. Signed Physician Medication Order Form

The written medication order form should be taken to your child's licensed prescriber (physician, nurse practitioner) for completion and returned to the school nurse. **This medication order can also be faxed to the school nurse (781) 246-4919.**

Note: The labeled prescription bottle is adequate documentation for ten (10) days administration of a medication. If the medication is to be administered longer than ten (10) days, a written documentation from the physician or designated assistant is needed. The medication must be accompanied by written permission from the parent before administration. The state policy mandates that children may not self-medicate, except under certain conditions such as inhalers. If your child is using an inhaler in school, please complete the form allowing him/her to self-medicate.

Non-Prescription Medications

All non-prescription medications require written documentation by a physician or designated assistant and written parent permission. The exceptions are Tylenol (Acetaminophen 325 mg. 1-2 tablets) or Advil (Ibuprofen 200mg. 1-2 tablets) which may be given *under the order of the school physician Dr. David Roston*. However, written parent permission is needed to dispense these medications. The school provides Tylenol and Ibuprofen in the Nurses' Office.

Any non-prescription medications sent to school must be brought in and picked up by an adult (18 years of age).

When your child needs a medicine to be given during the school day, please follow these policies quickly so we can begin to administer the medicine as soon as possible.

If at any time during the school year you have any questions or concerns, please feel free to contact the Health Office (781) 246-0810, Extension 1624 or 1620.
